

STATEMENT OF ENVIRONMENTAL COMPLIANCE

MISSION STATEMENT

To amend our behavior and to influence others to live with a strong sense of environmental awareness when making decisions.

GENERAL OBJECTIVES

- Adhere to all regulatory requirements and laws of relevance
- Continuously discuss and evaluate our environmental performances
- Appease our environmental conscience when making business decisions

APPLICATION OF ENVIRONMENTAL OBJECTIVES

Email Signatures

- Include a request that emails not be printed unless necessary

Paper Usage Control

- Minimize the use of paper in the office
- Prefer the use of recycled and recyclable paper products
- Engage paper recycling services
- Print by necessity; encourage double-sided printing

Energy and Water Conservation

- Implement and maintain energy-efficient lighting and temperature control systems

Green Space

- Commit to, and maintain, green spaces in the design and layout of business premises

Office Maintenance and Cleaning

- Favour the use of cleaning and maintenance materials which are environmentally friendly

Purchasing Management

- Consider the possible environmental impact when making purchasing decisions.

Implementation and Training

- Communicate Environmental Policy and Procedures to staff
- Assign executive responsibility for its implementation and for training of employees.

Employee Transportation and Decentralization of Service Delivery

- Facilitate and encourage the decentralization of employee services in order to reduce the emissions associated with commuting.
- Encourage carpooling among employees when commuting to and from the workplace.
